2022-23 SHAC in Review – Annual Report (TEC 28.004)

The Wylie ISD School Health Advisory Council (SHAC) met 4 times during the 2022-23 school year. The main focus for the year was a Local Wellness Policy Review. This included a review of Wylie ISD Board Policy FFA (Legal) and Board Policy FFA (Local). SHAC reviewed Wellness Policies and Plans from surrounding districts and compared them to current Wylie ISD policy. SHAC also heard from district staff and gave feedback in the areas of student mental health, the Wylie Way, employee mental health, and teacher retention. SHAC partnered with Children's Health to provide a virtual parent program on water safety and preventing child drowning. We plan to continue to explore more community programs along with Children's Health. We wish to thank outgoing SHAC Chair, Dr. Rhonda Blackburn for her service to the district.

The SHAC also completed a Local Wellness Triennial Assessment that is a federal requirement for the Child Nutrition Department. This was completed in May of 2023. The assessment includes 79 questions assessing the implementation of a coordinated school health program. The results of the Assessment will be reviewed in the fall of 2023 by the new SHAC. The 23-24 SHAC will set the agenda for the 23-24 school year on November 27. We are excited to welcome Michelle Maloney as incoming SHAC Chair.

SHAC does not recommend any changes to the Board of Trustees at this time.
