

SMARTgirls

After-School STEM Club for 5th/6th Grade Girls

September 26-Chemistry

I scream, You scream...well you know the rest. Come make a chemical reaction that makes a sweet treat!

October 22-Electrical Engineering

Electric Slide...can you make a bulb light up with dough? Let's see. Experience the cool things we can do with electronics.

November 21-Mechanical Engineering

Create a Chain Reaction...everyone has played with Legos, but not like this! Check out some Lego entering reactions.

January 23-Computer Science/Programming

If, Then, Else...can you make paper play music? Experiment with programming and how it relates to the real world.

February 25-Medicine

Have a Heart...interested in being a doctor or nurse? Learn about emergency medicine and meet high school students in our pre-health programs.

March 26-Aerospace Engineering

Rocketeer...Let's end the year with a bang...or maybe just a small rocket party!

3:30pm till 5pm-\$12 per club

Ms. Gray/Ms. West~ meet in room 406 ~ 972.429.3300

Register for all or one at a time: www.smartwylie.com/harrison
