Livestock Production

§130.7.

In Livestock Production, students will acquire knowledge and skills related to livestock and the livestock production industry. Livestock Production may address topics related to beef cattle, dairy cattle, swine, sheep, goats, and poultry. To prepare for careers in the field of animal science, students must attain academic skills and knowledge, acquire knowledge and skills related to animal systems and the workplace, and develop knowledge and skills regarding career opportunities, entry requirements, and industry expectations. To prepare for success, students need opportunities to learn, reinforce, apply, and transfer their knowledge and skills in a variety of settings.

This class is recommended for, and does qualify, as a pre-requisite to the Veterinary Medical Applications Course Sequence.

GRADING

Grades will be determined from an average of points accumulated during the grading period.

Grades will be determined as follows:

- Major grades (tests, projects, and papers) – 60%
- Minor grades (such as quizzes and other minor assessments or activities) – 40%

*Please see the Wylie High School Handbook Addendum for late work policies and well as Make-Up assignments

Materials Needed

- Spiral Notebook
- Writing Utensil

Absences

It is the responsibility of the student to make sure he/she makes up any work that is missed, regardless of the reason for the absence.

Test and/or quizzes will need to be made up during tutorial hours or at another time scheduled by the student and myself.
