Install VPN Application

- Go to https://remote.wylieisd.net
- Login with district credentials.
- Accept DUO Push notification on your phone/tablet.
- Click on "Download Windows 64 bit GlobalProtect agent"

- Click the installer at the bottom.

- Accept all the defaults "next" and click 'yes' on the below screen

- Click "Close" once the installer is complete.

- After a minute or so the below screen will appear. Enter "remote.wylieisd.net" and click "Connect".
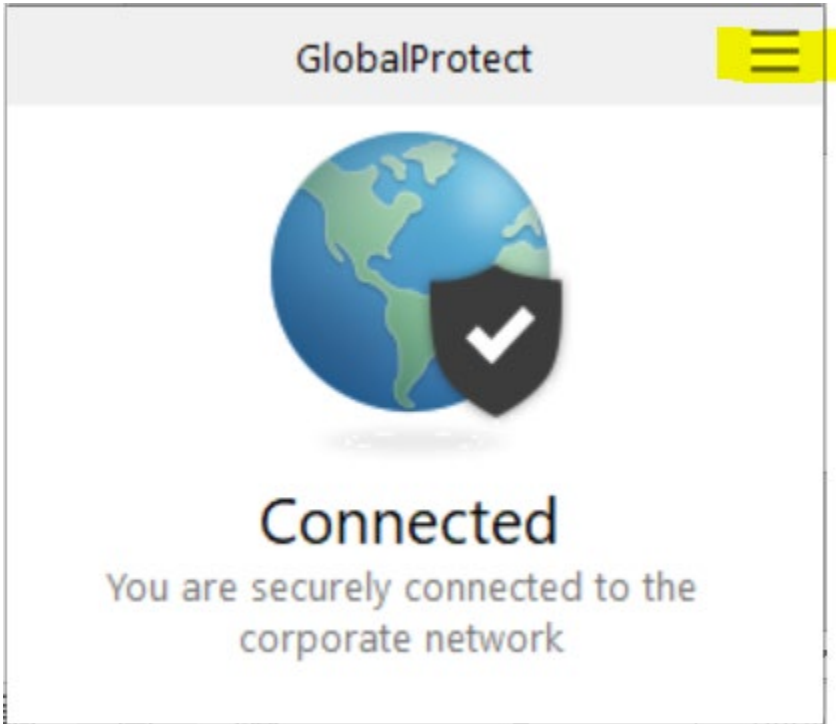

- On the below screen enter your username and password and click "Sign In"

- After clicking "Sign In" go to your phone/tablet and approve the vpn connection in the Duo App or in your notifications panel.
- You are now connected to VPN.
- Once this is compete future connections will only require you to click on the below button, the gray earth, and select "Connect".

- To disconnect click on the 3 lines as seen on the below image

GlobalProtect

Connected

You are securely connected to the corporate network

- Select Disable. To reenable do the same as above but the choice will be enable.
