

## Wylie ISD Junior High/High School Grading Procedures

### Purpose of Grading in Wylie ISD

In WISD, grades assess student learning and mastery of the Texas Essential Knowledge and Skills. These grades reflect student mastery of grade level content at an independent level through a combination of daily assignments and classroom activities as well as major grades. Grades are intended to communicate academic progress to parents and timely feedback to students. It is the goal of WISD to prepare students for a successful life beyond high school by providing instruction that promotes college and career readiness.

WISD board policy governing grades can be found at: <http://pol.tasb.org/home/index/316>

Texas Education Code governing grades can be found at:  
<http://www.statutes.legis.state.tx.us/Index.aspx>

### Grading Practices

#### District Grading Expectations

- Wylie ISD does not support students receiving a nine week grading period average of 69.
  - Per Texas Education Code, Section 28.0214: An examination or course grade issued by a classroom teacher is final and may not be changed unless the grade is arbitrary, erroneous, or not consistent with the school district grading policy applicable to the grade.
- Grades will be entered in to Skyward weekly so that parents and students have a clear understanding of their progress throughout a nine week grading period.
- Courses taken for high school credit at the junior high level will follow all high school grading procedures and guidelines.

## Minimum Number of Grades

- Students will receive a minimum of 9 minor grades and 3 major grades during each nine week grading period.
  - Individual grades may only be entered once. For example, a major project may not count as 3 major grades unless each grade is specific to an identified piece of the project.
  - Grades are expected to measure progress and mastery across an entire nine week grading period. Thus, the general guideline is that students receive a minimum of one minor grade each week and one major grade each three weeks. Principals have the discretion to work with teachers on a case-by-case basis to modify this guideline.
- Major grades will count 60% of a student's nine week grading period average. Minor grades will count as 40%.
- Semester exams will not be administered.

## Late Work Procedures

- At grades 7 and 8, late work will be accepted up to 3 days after the due date for no academic penalty. Students will be assigned to work recovery sessions in order to complete any work that is late.
- At grades 9 – 12, late work will be accepted up to 1 day after the due date for a maximum grade of 70 out of 100. Work turned in later than 1 day after the due date will be recorded in the gradebook as a zero.

## Procedures for Reteach/Retest

### Grades 7-8

Upon successful completion of a reasonable intervention measure, as prescribed by the teacher, a student will be given an opportunity to re-do an assignment or re-take a test for full credit based on mastery of the TEKS. The timeframe for completion of the assignment re-do or test re-take shall be 3 days from when the grade has been posted in the gradebook. However, at the end of a 3 week, 6 week, or 9 week grading period students must complete any re-do/re-take work by the Wednesday following the end of the grading period. This opportunity shall exist for any item included in a student's nine week average (major or minor). Failure to complete the prescribed intervention measure and/or meet the timeline established by the teacher will result in the student receiving the original grade awarded. This applies to all classes and all assignments, tests, papers, labs, projects, etc.

Students taking courses for high school credit while in grade 8 and thus earning GPA points will follow the reteach/retest procedures for grades 9-12 as outlined below.

## **Grades 9-12**

Upon successful completion of a reasonable intervention measure, as prescribed by the teacher, a student will be given an opportunity to re-do an assignment or re-take a test for which he/she receives a failing grade (below 70). The timeframe for completion of the assignment re-do or test re-take shall be 3 days from when the grade has been posted in the gradebook. However, at the end of a 3 week, 6 week, or 9 week grading period students must complete any re-do/re-take work by the Wednesday following the end of the grading period. This opportunity shall exist for any item included in a student's nine week average (major or minor). The maximum grade a student may be awarded on an assignment re-do or test re-take is 70. Failure to complete the prescribed intervention measure and/or meet the timeline established by the teacher will result in the student receiving the original grade awarded. This applies to all classes and all assignments, tests, papers, labs, projects, etc.

### **Make-up Work**

For every school day absent, the student has one school day for completion of missed assignments. Administrators have the discretion to modify this guideline in circumstances where students are absent due to an extended illness.

## **Assessment**

At the junior high and high school level, grades for unit assessments and checkpoints may be entered in to the gradebook. Assessment data will be communicated with parents. District-written unit assessments will not be sent home, but parents may make an appointment to review these assessments with teachers. On all unit assessments, assessment items with a passing rate of 40% or lower will not be included in the student's grade.

## **Academic Dishonesty**

Once a determination has been made that a student has engaged in academic dishonesty, the student shall be subject to grade penalties on assignments or tests and disciplinary penalties and/or counseling in accordance with the Student Code of Conduct. Academic dishonesty includes cheating or copying the work of another student, plagiarism, and unauthorized communication between students during an examination. The determination that a student has engaged in academic dishonesty shall be based on the judgment of the classroom teacher or another supervising professional employee, taking into consideration written materials, observation, or information from students.

## **Parent Communication**

In addition to typical communication for every child, parents will be informed frequently of their child's progress. Parent conferences will be scheduled as needed.

## GPA for Students Entering 9<sup>th</sup> grade in 2014-2015

4 Credits in English Language Arts	English I English II	English III English IV
2 Credits in Mathematics (Excluding Algebra I)	Geometry Algebra II* *Students electing Career Experiences that allow a substitute for Algebra II will use the substituted course as their second math GPA credit.	
3 Credits in Science (may take 3 of 4 credits ONLY)	Biology IPC*	Chemistry Physics *Students electing Career Experiences that allow IPC as a substitute for Chemistry or Physics will use the substituted IPC as one of their science GPA credit.
3 Credits in Social Studies	World History US History Government and Economics	
1 Credit in Languages Other Than English (Excluding any Level I Credit)	Students qualifying for a LOTE exemption will use the substituted credits to calculate GPA	

## GPA for Students Entering 9<sup>th</sup> grade in 2015-2016 and Beyond

4 Credits in English Language Arts	English I English II	English III English IV
3 Credits in Mathematics	Algebra I Geometry Algebra II* *Students electing Career Experiences that allow a substitute for Algebra II will use the substituted course as their second math GPA credit.	
3 Credits in Science (may take 3 of 4 credits ONLY)	Biology IPC*	Chemistry Physics *Students electing Career Experiences that allow IPC as a substitute for Chemistry or Physics will use the substituted IPC as one of their science GPA credit.
3 Credits in Social Studies	World History US History Government and Economics
