A Message from our Principals...

Hello, November!!! Not only are the leaves changing colors, but our temperatures are getting cooler. Please don't forget to wear a jacket to keep you warm during recess. **Parents and Students:** we have several sweaters, jackets and lunch boxes in our **Lost and Found**. If you are missing something, please make time to take a quick peek.... you never know what you might find in the Lost and Found. **During the 2nd nine week grading period, WISD will focus on The Wylie Way Core Values of CARING and GIVING!** The Bears have already gotten a great start on our Wylie Christian Care Food Drive! **We are so PROUD of our Bears and their giving hearts!** THANK YOU ALL for your donations that will help feed countless families in our community. ☺

Proud to be a Birmingham Bear! ☺ Mrs. Doolan-Principal & Mrs. Kishindo-Assistant Principal ☺

Counselor's Corner...

I cannot believe it is already November; the month of "thanks" and "giving"! It is also the start of our 2nd set of Wylie Way Core Values: Caring and Giving. In the spirit of giving, remember that you have until next Tuesday, November 10th to donate to the Wylie ISD Canned Food Drive benefiting the Wylie Christian Care Center. This is a great opportunity to talk to your children about helping those families in need in our community.

Although helping others is incentive enough, we are also having a little competition between the classrooms and grade levels in order to help Birmingham bring in the most cans for the district. The classroom with the most food collected will receive a popcorn party the week before Thanksgiving Break. We are also having a competition between grade levels in which the winning grade level will earn extra recess! So bring in those canned goods and non-perishable food items so that we can bring the district trophy to Birmingham!!! Thank you Bears for your generosity!!

~Katie Ray

Campus Happenings...

BNN is brought to us this week by the following crew members:

Dakota Nelson	Makenzie Luker
Ella Horton	Lorenzo Aveja
Kaitlynn Daniels	Kamryn Messick
Maddox Nachampassak	

This week's Animoto presentation is by Emrie Martin and Jordan Merrill.

From the Library...

It's time to start turning in those Orange cards! I already have several, but I know there's more to come! Please remember that Smith Public Library is partnering with us to do our Reading BINGO. They have displays that include books featured on our cards, and can help our Bears find what they need to finish each color. So you have two libraries full of books to help you reach our Reading BINGO party at the end of the year!

We still have a few more days of our Spirit Week at Barnes & Noble! Remember that this week we earn money from any purchase made at Barnes & Noble – in the store and online – as long as you let them know you are supporting BES! Thanks for helping us build our library for our Bears!

Happy Reading! Mrs. West

Diabetes is a disease in which blood glucose levels are above normal. Most of the food we eat is turned into glucose, or sugar, for our bodies to use for energy. The pancreas, an organ that lies near the stomach, makes a hormone called insulin to help glucose get into the cells of our bodies. When you have diabetes, your body either doesn't make enough insulin or can't use its own insulin as well as it should. This causes sugar to build up in your blood.

For more information, see the National Diabetes Information Clearinghouse publication, [Your Guide to Diabetes: Type 1 and Type 2](#)
